- **Go Slow:** As your toddler will be learning English at the same time as Spanish. Limit the number of words you teach your child every day.
- **Read Together:** Pictures aid understanding and enable children to connect words with objects or ideas.
- **Watch Spanish TV and Movies:** Kids learn a lot of language through watching children's TV shows and movies, and watching television in Spanish provides the exact same benefits.
- **Play Outdoor Counting Games:** Teach your toddler numbers in Spanish by playing any outdoor games that involves counting, such as catch, jump rope, hopscotch, or soccer.
- **Expressions in the Mirror:** Sit in front of a mirror and ask your child to make a face to represent an emotion. You can try happy (feliz), sad (triste), angry (enojado/enojada), and confused (confundido/confundida).
- **Play "I Spy":** A great activity for long car rides, play "I Spy" in Spanish to help your child learn both the alphabet and more vocabulary.
- **Sing Along to Music:** This is one of the best ways to practice speaking in full sentences and at the same time your toddler will hear a native speaker singing the language.

### Twinkle Twinkle (English)

Twinkle, twinkle, little star,  
How I wonder what you are!  
Up above the world so high,  
Like a diamond in the sky.  
When this blazing sun is gone,  
When he nothing shines upon,  
Then you show your little light,  
Twinkle, twinkle, through the night

### Estrellita (Spanish)

Estrellita, ¿donde estás?  
me pregunto, ¿qué serás?  
en el cielo o en el mar  
un diamante de verdad  
cuando el sol se ha ido ya  
cuando nada brilla más  
tu nos muestras tu brillar  
brillas brillas sin parar!
